

Pragya Tiwari

Frontend Developer | React & Tailwind | UI/UX Enthusiast

 Email |  LinkedIn |  GitHub

Enthusiastic B.Tech student passionate about Frontend Development and UI/UX. I create pixel-perfect, responsive, and cross-browser compatible web apps using **React.js**, **Tailwind CSS**, and **GSAP**. I follow clean code standards, version control (Git), and thrive in agile environments. Constantly building and iterating on real-world projects to sharpen my skills.

Skills

Languages: HTML, CSS, JavaScript

Frameworks & Libraries: React.js, Tailwind CSS, GSAP

Tools: Git, GitHub, VS Code, Netlify

Core Skills: Responsive Design, Cross-Browser Compatibility, Clean Code, Pixel-Perfect UI

Workflow: Agile Development, Team Collaboration

UI/UX: Figma, Micro-Interactions, Accessibility Basics

Practical Experience

- **Built 15+ frontend projects** from scratch using HTML, CSS, JavaScript, and React
- Recreated real-world UI clones like Zomato, Cynthia Uguu, Lazarev for skill sharpening
- Practiced clean code, Git version control, and responsive design with every build
- Actively learning through online courses and implementing concepts immediately

Projects

Gym Fitness Website

Developed a responsive fitness web app to search and explore exercises by muscle groups and equipment using ExerciseDB API.

Tech Stack: React, Tailwind CSS, Vite, ExerciseDB API

 [GitHub Repo](#)

Movie Website

Built a movie browsing platform with search, trending, and filtering features using TMDB API.

Tech Stack: React, Tailwind CSS, TMDB API

 [GitHub Repo](#)

Cynthia Ugwu & Lazarev Website Clones

Recreated top creative agency sites with scroll-triggered animations and fluid motion using GSAP & Locomotive Scroll.

Tech: HTML, CSS, JavaScript, GSAP, Locomotive

 [Live Demo](#)

 [Live Demo](#)

Virtual Assistant (Alexa Clone)

Engineered a voice-controlled assistant using Web Speech API to perform actions like telling time, opening apps, and more.

Tech: JavaScript, Web Speech API

 [Live Demo](#)

Personal Portfolio Website

Designed a responsive portfolio to showcase skills and projects with smooth animations and clean UX.

Tech: HTML, CSS, JavaScript

 [Live Demo](#)

React Task Manager

Designed a productivity app with real-time task management, dynamic UI updates, and clean state management.

Tech: React.js, Tailwind CSS

 [Live Demo](#)

Classic Snake Game

Developed a fully interactive game with real-time movement, score tracking, and collision mechanics.

Tech: HTML, CSS, JavaScript

 [Live Demo](#)

Chrome Dinosaur Game

Keyboard-controlled endless runner game with collision detection and increasing speed.

Tech: HTML, CSS, JavaScript

[Play Dino Game](#)

Zomato & Amazon UI Clones

Built pixel-perfect, responsive landing pages mimicking the original platforms' structure and design systems.

Tech: HTML, CSS, JavaScript

Core Strengths

- Quick Learner & Problem Solver
- Strong Eye for Design & Detail
- Team Collaboration & Communication
- Clean Code and Agile Practices

Soft Skills

- Clear verbal and written communication
- Time management and self-discipline
- Adaptability to fast-changing tech
- Positive attitude and growth mindset

Certifications & Achievements

- Completed **Frontend Development** course on FreeCodeCamp
- Completed "React – The Complete Guide" by Maximilian, Udemy (2025)
- Frontend Certification – freeCodeCamp (2025)
- Consistently building real-world projects from scratch
- Internship at PixelCraft Studios as Frontend Developer

Education

B.Tech in Computer Science (2024 – 2028)

Shri Ramswaroop Memorial University, Lucknow, UP

 Completed 1st Semester | CGPA: 7.62
